

Audition Prep Tips

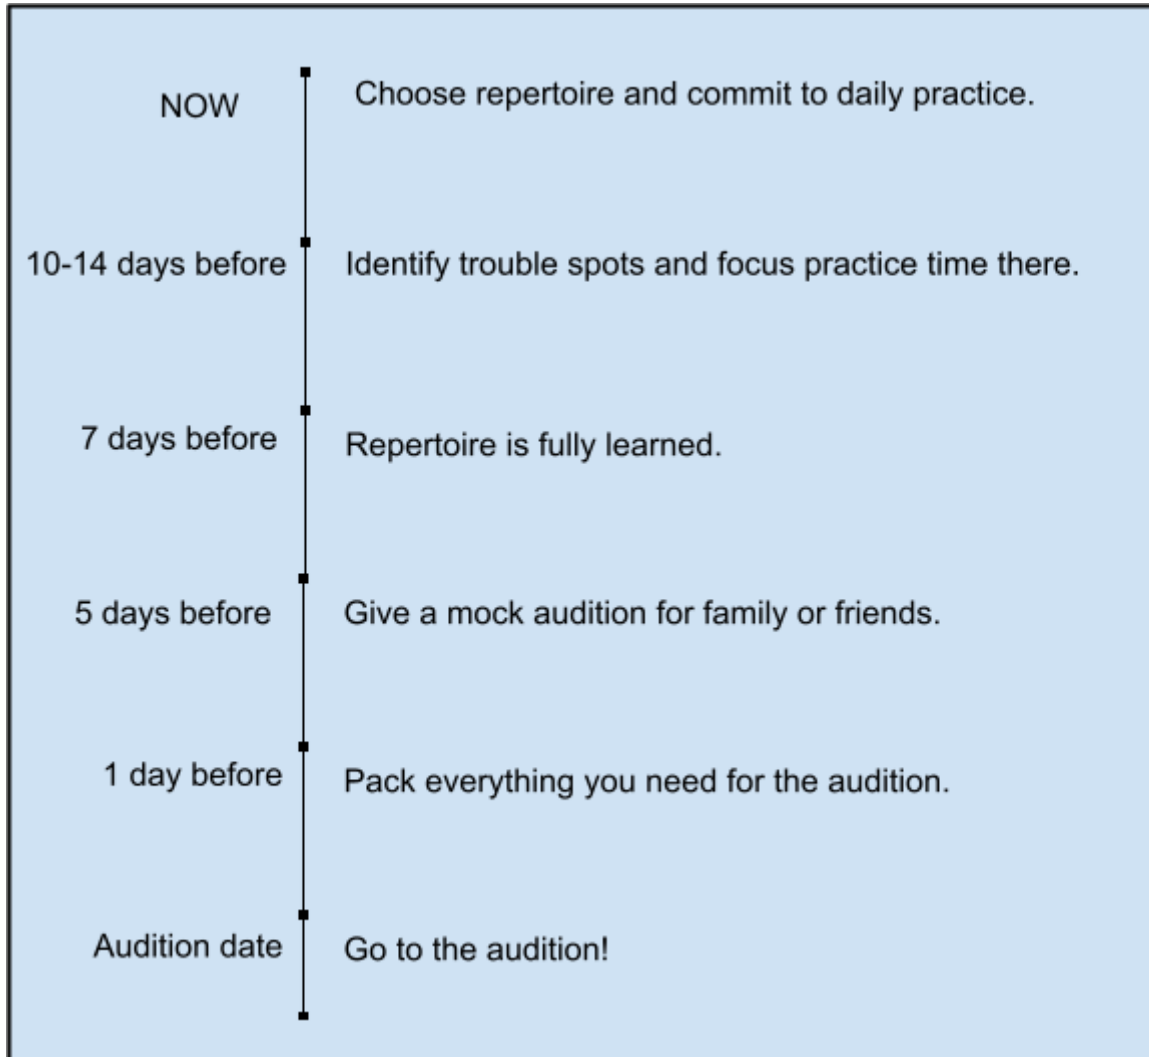

- **Presentation and Attire**

- First impressions speak volumes!
- Greet the judges, introduce yourself and speak clearly.
- Wear something appropriate you feel good in.
- Be prepared to answer simple questions about your scale and solo.
- Smile!

- **Practice Habits**

- Practice in advance; do not wait until the week before your audition.
- Develop good practice habits such as regular, daily practice (even if your sessions are short); focussing on the parts you *can't* play, rather than working on the parts you *can*.
- Evaluate your practice routines to improve your performance:
 - Work on getting the rhythm correct
 - Ensure you're playing the correct notes.
 - Work to improve tone quality as much as you can.

- **Backwards Planning**

Preparation is the key to consistency and success!
